

Babbel Professional for Education

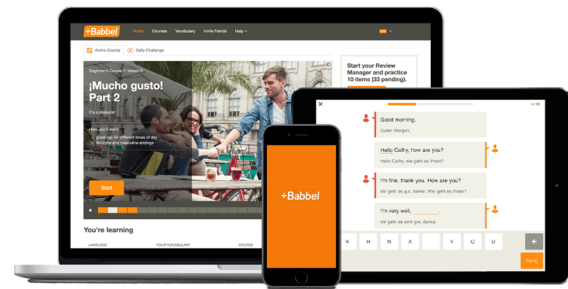

## Enhance Language Learning with Babbel

Babbel is the #1 language-learning application in the world. With Babbel, students build real-life conversation skills using bite-size, micro-lessons created by language experts and voiced by native speakers. You will find progressive courses at a variety of skill levels, with extra courses on grammar and cultural insights, making Babbel ideal for both beginners and more advanced learners.

Babbel is an **online language learning program and mobile app** available 24/7. It is available at a fraction of the cost of other online language learning programs and there are **no ads**. There are 10,000 hours of content in fourteen languages.

## Benefits of Babbel

- Easy-to-use, affordable, and available 24/7.
- **Interactive dialogue** voiced by native speakers.
- Improve pronunciation and confidence with **speech recognition technology**.
- Effective bite-sized lessons (5 to 15 minutes).
- **Relevant content** and review sessions reinforce classroom learning.
- Available on PC, tablet and mobile devices.
- **Progress synced** among devices.
- Builds ALL language skills: (Listening, Speaking, Reading, and Writing).

## Admin Portal

Keep track of the content learners are engaging with and gain insights into their acquired knowledge, completed courses, current skill levels, and overall progress. The comprehensive Admin Portal allows educators:

- **One-Click Access:**
  - Invite users via email, transfer or deactivate users with the click of a button.
  - Easily manage learner access and transfer licenses as needed.
- **Transparent Reporting:**
  - Monitor learner progress, languages, and activities.
  - Track learner engagement with usage reports available weekly or monthly.
  - Generate (& export) reports for activities, content consumed, classes taken, levels, and progress.
- **Automated Learning Reminders:**
  - Keep learners on track with behavior-triggered emails and push notifications.
